To Whom it may concern,

This letter is in regards to the proposed plan to do away with apprentice application fees. In my opinion the $25.00 fee wasn't a burden on me or my family. It was a small price to pay for a chance at a great education and career. It was the best $25.00 I ever spent. If people complain about a fee to join then they shouldn't even bother trying to join because it seems they won't be that dedicated to the work. Also with all the man hours, and other utilities, and sending away test forms, used to bring in applications it probably evens out. With all this said I disagree with no application fees.

Sincerly,
