APPRENTICE TRAINING
CENTRAL OFFICE

To Whom It May Concern:

I feel that the $25 Application Fee that is required for entrance into the Apprentice Program is a nominal fee. I don't feel that this fee would prohibit anyone who is seriously interested in the position from applying. Furthermore, I doubt that the fee fully covers all the expenses that are incurred by those who are giving the tests and processing applications. I do, however feel that by charging a small fee of $25 it [redacted]courages some applicants who may not be seriously [redacted]ted in the position. Please consider keeping this $25 [redacted] in place so that programs can continue to attract only those applicants who are serious about the position while providing a small offset of expenses to the programs Statewide.

Sincerely,

[redacted]
