To Whom It May Concern:

I have recently been informed of intentions to prohibit our apprenticeship administration from charging a fee for applications to enroll in our program. I myself, being a 3rd year student, believe that this fee should remain as it has in past years. This did not pose any economic hardship on my part nor any of my fellow classmates with whom I have spoken to. All have agreed that \$25.00 for a chance to be where we are is an insignificant obstacle towards a successful career. It is my understanding that many organizations including N.Y.F.D. and N.Y.P.D. charge application and processing fees such as ours. Please reconsider any actions towards prohibiting this fee from being collected as it is necessary to performing our application process.

Sincerely yours,
