Item 10. Number and Type of Workers Requested

The employer's total work force need in this occupation for this period of employment is 42. Therefore, the employer is requesting 42 workers through the interstate (ARS) system.

Item 11. Anticipated Hours of Work Per Week.

The scheduled work week is 45 hours, consisting of 8 hours per day Monday through Friday and 5 hours on Saturday. During the heavy digging and planting period in April and May, work is often available seven days a week with 70 or more hours available. From June through September, extra hours are limited. During the Christmas tree harvest in October, November and December, work is again often available seven days a week, with 70 or more hours of work available.

This is regular, full-time work requiring the worker to be available for work on a daily basis as needed. This is not "day work". Excessive tardiness and/or absences will not be tolerated and may result in disciplinary action, up to and including termination of employment.

The normal spring workday is 7:00 a.m. to 3:30 p.m. with an unpaid lunch break. During the summer, the time shifts to 6:00 a.m. to 2:30 p.m. In September, the workday is adjusted back

to 7:00 a.m. to 3:30 p.m. The work day may begin earlier or later on any given day. Workers will be instructed the previous evening if there is any change in the starting time. Workers may receive less work or be requested to work more hours on any given day depending upon conditions in the fields, and market demand. Workers may be requested but will not be required to work on the worker's Sabbath and/or on a Federal holiday.

The employer will provide United States workers referred through this Clearance Order with 45 hours of work for the week beginning with the anticipated date of employment shown in Item 9, unless the employer amends the date of need in accordance with 20 CFR § 653.501(d) (2) (v). If a worker arrives less than a week before the start date (unless changed in accordance with 20 C.F.R. § 653.501(d)(2)(v)), the amount of work will be reduced proportionately. The employer may require the worker to perform alternative work if this guarantee is invoked. Alternative work will include any available field work, general nursery labor and nursery maintenance activities, including mending, repair, maintenance or preparation of fences, housing and other nursery buildings, and equipment.

The employer guarantees to offer the worker employment for at least three-quarters of the workdays of the total contract period and all extensions thereof, beginning with the first workday the worker is at the employer's farm and is ready, willing, able and eligible to work, and ending on the expiration date shown in Item 9 or any extension thereof. For the purposes of this guarantee a workday shall mean 8 hours Monday through Friday and 5 hours on Saturday and shall exclude the worker's Sabbath and Federal holidays. The worker may, however, be offered more hours of work than listed above, and may be offered work on the worker's Sabbath and on Federal holidays.

If the employer fails to offer the worker with the amount of work required under this guarantee, the employer will pay the worker the amount the worker would have earned had the worker accepted the employer's offer of the guaranteed number of workdays. In determining whether the period of guaranteed employment has been met, the employer will count all hours of work actually performed (including hours over 8 voluntarily worked Monday through Friday and over 5 on Saturday and hours voluntarily worked on the worker's Sabbath and on Federal holidays), and any hours which the worker fails to work, up to a maximum of 8 hours on Monday through Friday, and 5 hours on Saturday, when the worker has been offered an opportunity to work.

If the worker voluntarily abandons employment before the end of the contract period or is terminated for cause, the worker is not entitled to the guarantee set forth above.

If, before the ending date of the period of employment set forth in Item 9, the services of the worker are no longer required for reasons beyond the control of the employer due to fire, hurricane, adverse crop conditions or other Act of God which makes the fulfillment of the anticipated period of employment impossible, the employer may terminate the worker's employment. In the event of such termination, the employer will fulfill the above guarantee for the period that has elapsed from the first workday the worker is at the employer's farm and is ready, willing, able and eligible to work, until the date employment is terminated. In such cases

the employer will make efforts to transfer the worker to other comparable employment acceptable to the worker. If such transfer is not effected, the employer will offer to return the worker at the employer's expense, to the place from which the worker, disregarding intervening employment, came to work for the employer.

Item 12. Collect Telephone calls.

Collect telephone calls will be accepted by Strathmeyer Forests, Inc. at the telephone number listed in Item 25 from Job Service placement personnel of applicant holding offices only Monday through Friday from 8:00 a.m. to 4:30 p.m. Collect telephone calls will not be accepted from individual applicants. Applicants should be thoroughly screened as requested in Item 14 before referring officials place collect telephone calls. Persons wishing to apply by collect telephone must apply through the Job Service.

El operador excava el árbol con la excavadora hidráulica y posiciona el árbol sobre la canasta de arpillado y alambre. Coloca el árbol en la arpillado. Cuando el equipo ha terminado de sujetar y engrapar la arpillado y de engarzar la canasta de alambre, el operador del minicargador utiliza montacargas, balde o aditamento tree boss para cargar los árboles en camiones de carga o remolques.

El trabajador debe ser capaz de desempeñar todas las tareas de los otros miembros del equipo de excavación. Los trabajadores contratados o promovidos en esta ocupación pasarán por un período de prueba de hasta dos semanas durante el cual será evaluado su desempeño en las tareas realizadas. Si el desempeño no es aceptable bajo la sola discreción del empleador, éste puede ofrecer al trabajador otro puesto apropiado si hay uno disponible.

Los operadores del minicargador pueden pasar todo el día en una actividad, o se les puede pedir que intercambien actividades. Durante los periodos en los que no se requiera la operación del minicargador, se espera que los trabajadores realicen otras tareas asociadas a la plantación, cultivo y cosecha de árboles, arbustos y árboles de Navidad.
