Background

The New York State Eligible Training Provider List (ETPL) was established in compliance with the Workforce Investment Act of 1998 and continues under the Workforce Innovation and Opportunity Act (WIOA). The purpose of the ETPL is to present a broad and diverse selection of training choices to support employment goals of individuals. Training providers must be listed on the ETPL in order to receive WIOA funding through an individual training account or grant (ITA/ITG).

To be listed initially on the ETPL, a training provider’s program must be evaluated and approved by a Local Workforce Development Board (LWDB). After a training provider’s program(s) have been approved for initial eligibility, the program(s) will be required to undergo an evaluation for Continued Eligibility after one year. However, at this time NYS does not have a process in place for Continued Eligibility. The guide will be updated in the future to include the process for Continued Eligibility.

The purpose of this guide is to provide general information and procedures for accessing and using the online ETPL application. This guide is not intended to provide all policies and procedures related to the certification of training programs.

NOTE: Correct terminology is Local Workforce Development Board (LWDB) rather than previously used Workforce Innovation Board (WIB). Once changes are made to the system, this language will be updated. This document matches the system for instructional purposes and references current terminology for program content.
Work Queue Dashboard

From the ETPL website (http://applications.labor.ny.gov/ETPL/), select WIB Log-In from the navigation bar on the left side of the page. Please note that usernames and passwords are case sensitive and must be entered manually not “cut and pasted.”

After logging in, you will be brought to the Work Queue Dashboard. This screen shows New Provider Requests, New Offering Requests, Outside Offering Requests, Pending Edit Requests and Continued Eligibility Requests.

New Provider Requests

If you have New Provider Requests, click on the provider name. This will bring you through the six parts of the Training Provider Registration:

1. Administration Tab

Note: At the bottom of this page, providers need to identify if they have a license or an exemption under State Education Law 5001(2). A link is provided that brings them to the State Education Bureau of Proprietary Schools website.

Examples of schools that need to be licensed are:

- **Driving Schools** – Licensed by Department of Motor Vehicle
- **Security Guard Training Schools** – Licensed by Division of Criminal Justice
- **Licensed Private Career Schools** – These schools are licensed by the Bureau of Proprietary School Supervision and include computer training schools, bartending schools, medical training schools, cosmetology schools, etc.

Examples of schools that have an exemption would be:

- SUNY/CUNY schools and private colleges.
  - Exemption A, institutions authorized to confer degrees in this state.
- BOCES, School Districts
  - Exemption C, schools operated by governmental agencies or authorities.

2. Profile Tab

This is where the provider can provide more information about the school, including:

- Organization Type
- Ownership
- Provider Type
- Accrediting Entities
- Disability Adaptations
• Additional Services
• Financial Aid
• School Policy

3. Documentation Tab

This section includes two forms required by NYSDOL.

1) Assurances
2) Authorized Signature

LWDBs can also upload their own LWDB policy or information documents as well.

4. Training Site Details Tab

5. Training Course Details Tab

6. Course Offering Details Tab

Review all information.

At the bottom of each page, select **Approved** or **Denied** and press **Next**.

If denied, an explanation must be given which will be included in the e-mail sent to the Provider at the end of the approval process. You can also enter comments if approving.

On **Part 5 – Training Course Details**, the **Seeker Service Type** must be selected to continue.
On **Part 6 – Course Offering Details**, if funding is eligible, check the box. The course will then be “sent” to OSOS and will be shown on the ETPL as either ‘currently eligible’ or ‘potentially eligible’ depending on the local area’s demand occupation list. To see how the course will be listed, see [Attachment 1](#).

Continued Eligibility

WIOA requires that programs approved for Initial Eligibility undergo an evaluation for Continued Eligibility after one year. Future Continued Eligibility reviews must be completed biennially. However, at this time NYS does not have a process in place for Continued Eligibility. The guide will be updated in the future to include the process for Continued Eligibility.

Registered Apprenticeship Programs

All Registered Apprenticeship programs are automatically eligible to be included in the State list of eligible training programs and providers. NYS does not currently have a process in place for automatically adding all Registered Apprenticeship programs. Registered Apprenticeship providers that want to be added before the process is finalized should contact the Department of Labor. The Department of Labor will facilitate the approval of Registered Apprenticeship programs.

</tbody>
</table>
Yes. There are no residency requirements for services under WIOA. Out-of-state providers can apply to be on the list and select a Workforce Development Board when creating their account.

**Can Community-Based Organizations be on the list?**

Yes, it is important that we provide access to these organizations to maximize customer choice.

**How is the LWDB assigned to training providers?**

The LWDB is assigned based on the training provider’s physical location (zip code). If a training provider has more than one location in different local workforce investment areas, they need to create separate accounts.

**There is a provider we would like to use that is not located in our local workforce development area and has not been approved by their primary LWDB. What should we do?**

You can, of course, reach out to the LWDB where the provider is located or contact us and we’ll contact them. We are encouraging LWDBs to approve a wide variety of training providers and options whether they are willing to fund their programs or not. Please note that offerings not eligible for funding by their primary LWDB are still considered an approved ETPL offering.

**How is information from the ETPL sent to OSOS?**

The ETPL application has a feature that automatically creates new providers and updates their services (the course) and offerings (the actual dates/times of the course) within the provider module in OSOS.

The update to OSOS happens in real-time when the LWDB approves the service offering and selects the funding eligible checkbox. Providers and service offerings will no longer need to be entered manually into OSOS.

Staff need to select the offering that has ETPL Auto Load listed in the Description field. If the provider needs to be in OSOS, they must first be approved and made funding eligible in the ETPL application.

**I have a training provider that is trying to register on the website. They do not have a DUNS number. Can they still be listed on the eligible training provider list?**

No. Having a Data Universal Numbering System or DUNS number is required. DUNS numbers are free and obtained from Dun & Bradstreet (D&B) and are typically used for organizations doing business with State and Federal agencies, i.e., grant recipients, contractors, etc. Providers are not obligated to purchase any of D&B’s products and may already have a number.

**One of our providers is not receiving emails from the ETPL application. Any suggestions?**

The automatic emails generated by the application are sent to the email listed in the Administrative Contact Information section located Administration. Providers should:

1. Make sure the email listed on the application is correct.
2. Check their “junk” or “spam” e-mail.
3. Designate your email as a “safe sender.” The email that is listed in your contact information where the automatic emails are sent.

**One of our providers has neither a license nor an exemption. What do we tell them?**
For those providers without a license from a licensing entity such as the Department of Motor Vehicles, the Division of Criminal Justice, or licensed by the Bureau of Proprietary Schools, etc., or an exemption from Section 5001 of the Education Law, we are recommending that they choose that they have an exemption and then choose Exemption G.
