Follow-Up Resources

Supporting Healthy Relationships Among Our Youth and Self-Care for Staff (Part 2) – Webinar Recording | Webinar Presentation

Please note: These webinars include scenarios with coercive control tactics and intimate partner victimization.

Description: Many youth in our programs have faced domestic violence as trauma and an adverse childhood experience that continue to shape their current and future career success. This webinar will explore the lifelong consequences and protective and risk factors experienced by youth due to exposure to domestic violence.

Attendees will be provided with trauma informed tools and skills for engaging with, supporting and understanding youth who have experienced abuse within their families or intimate relationships. Emphasis will be placed on the ability of attendees to foster resiliency and healing among the youth they serve. Part 2 of this webinar will highlight the preventative steps staff can facilitated to encourage healthy relationship among our youth.

Pre-webinar review: Through Our Eyes: Children, Violence, and Trauma
